SUMMARY

Software Engineering Manager with 12+ years of experience leading engineering teams, architecting enterprise software, driving Agile processes, optimizing performance, and successfully delivering large-scale applications. Expert in C#, ASP.NET, SQL, JavaScript, system architecture, and DevOps collaboration. Proven record of mentoring developers, improving engineering standards, and implementing scalable solutions.

EXPERIENCE**Software Engineering Manager – TechNova Digital (2014 – Present)**

- Led a team of 15+ engineers across backend, frontend, and QA teams.
- Architected enterprise applications using C#, ASP.NET, SQL, and distributed system design.
- Managed sprint planning, resource allocation, and roadmap execution.
- Collaborated with cross-functional departments for requirements, delivery, and production support.
- Improved application reliability by 40% through performance tuning and automation workflows.

ACHIEVEMENTS

- Delivered 30+ successful enterprise software releases.
- Reduced system defects by 50% with improved code review guidelines.

EDUCATION

Ph.D. – Computer Engineering

Master of Science – Software Systems

SKILLS

C#, ASP.NET, SQL Server, System Architecture, Agile/Scrum, DevOps Collaboration, Cloud Basics, Leadership, Project Management, Problem-Solving

DECLARATION

I hereby certify that all information above is correct.
