**SUMMARY**

Senior Construction Manager with 12+ years of experience managing large-scale OSP, fiber, civil, and infrastructure projects. Expertise in project planning, scheduling, budget forecasting, contractor management, safety compliance, and technical troubleshooting. Successfully led multiple high-complexity projects with cross-functional teams, ensuring on-time and within-budget delivery. Known for strong leadership, strategic problem-solving, and deep understanding of fiber construction operations.

**EXPERIENCE****Construction Manager – Global Infra Networks (2014 – Present)**

- Managed 30–40 technicians and contractors to execute multi-city fiber and civil projects.
- Oversaw all material acquisition, scheduling, cost tracking, and construction documentation.
- Conducted weekly progress reviews, safety audits, and quality inspections.
- Coordinated with engineering teams to resolve design issues and optimize field operations.
- Directed large projects involving OSP aerial, buried, and underground fiber installations.

**ACHIEVEMENTS**

- Successfully completed 200+ fiber tower deployments within deadline targets.
- Improved productivity by 25% through workflow restructuring and staff training.
- Maintained consistent compliance across environmental, DOT, and safety regulations.

**EDUCATION**

Bachelor of Engineering – Civil

Technical Certification in Fiber Network Construction

**SKILLS**

Project Management, Fiber Construction, Budget Forecasting, Contractor Oversight, Safety Compliance, Material Planning, AutoCAD, Troubleshooting, Leadership
